OUR STORY

We are proud to present you our Benson Swiss Series watch winders. This new and innovative line of watch winders offers Swiss technique, perfect functionality and luxury styling. We worked for 2 years to perfect the design and technology. Now the Benson Swiss Series watch winders are here.

Benson watch winders was founded in 2010 in The Netherlands. With attention to detail, quality and fine materials our brand quickly made name for itself. All watch winders are designed, developed and tested in the Netherlands by skilled craftsmen.

Quality and durability are of great importance. That is why the Benson Swiss Series watch winders meet the highest standards. To prove this, every Benson Swiss Series watch winder comes with a 3-year international warranty.

Swiss Series

In a world that is constantly moving,
motion is essential for the development of mankind.
There will be no motion without time,
and no time without motion.
Using motion in our watch winders to keep time,
gives the ability to create history today.
